THE THIRD MAN EMERGES

The Third Man Will Taste Fruits of Victory Because He'll Refuse to Take Position Assigned Him by International Jews

By FRED FARREL

We really ought to give up reading the NEW YORK TIMES Book Review Section. It raises our blood pressure to a dangerous level; not because it always tells lies, although it sometimes does. Our blood pressure rises to the most dangerous peaks when they tell the truth. In the June 21, 1970 issue, in a review of John Updike's novel BECH: A BOOK, the reviewer Thomas E. Edwards tossed off this gem: "For Gentile Middle America, now that it has so thoroughly given up its own traditions and manners, Jewishness seems more and more the repository of the experienced, skeptical wisdom it needs to understand itself."

Unhappily, this is true. Middle America has indeed thrown its own traditions to the four winds. Middle America gallops in sheep-like herds after so-called leaders like Robert Welch, Barry Goldwater, Richard M. Nixon and Spiro T. Agnew. The Jews manipulate Middle America with the greatest of ease. The Jews have thoroughly subjugated and completely destroyed the Old America. It no longer exists. It is even beyond mourning. There are, however, still a certain number of us Old Americans who yearn madly at least to punish the culprits who brought about our National downfall.

WHO ARE THE CULPRITS?

The culprits are mainly the American "Conservatives." People are constantly telling us that this or that great, bloated, phoney gasbag is a "GREAT CONSERVATIVE GENTLEMAN" or a "TRUE PATRIOT" or a "SINCERE ANTI-COMMUNIST." We are called upon to adore these gasbags and bores who lost our country to the Jews, who failed to provide really dynamic and effective political leadership, who allowed our culture to sink under Jewish control, who brayed like jackasses while America fell. They are like Nero, who played his fiddle while Rome burned.

The primary problem of contemporary history is not to seek a victory for the "Right Wing" or the "Left Wing" but to DESTROY the entire Right-Left System. The Right-Left system is the Rothschild Bank intellectual invention by means of which the Jews control much of the world. This system WILL BE DESTROYED in one way or another. If it is not destroyed by voluntary penitence and intellectual reconstruction, it will be destroyed in the violence of World War III, for War is the necessary outcome of it. The entire Right-Left orientation of political thought has become intolerable and must go.

We are now seeing the emergence into the world of THE THIRD MAN, the man who will refuse to do business either with the Right or Left Wing, but will insist absolutely upon the DESTRUCTION of these two obsolete political forms. The THIRD MAN has already had his preview in history; he was the man who emerged to power in the

Third Reich; but he is not necessarily a German. He refuses to be entrapped in the asinine Right-Left orbit of thought. He has reached intellectual escape velocity and goes out to establish a new orbit of his own. Naturally, this alarms the pseudo-leaders of both the Right Wing and the Left Wing. It annoys the silly rabble of Liberal professors at Harvard. It annoys all of the politically impotent dotards of the American Establishment. Above all else, it drives the Jews to a fine frenzy. They have built a better mousetrap in which to catch the whole human race; now they see the whole thing being undone. The Jews do not remotely begin to understand what is going on. They see the THIRD MAN in action; instinctively, they try to shove him into either the Right Wing or the Left Wing. The Jews do not care whether you are on the Left or the Right, since they run both sides anyway. They see all the nice, vapid, politically obsolete and impotent chappies like Billy Buckley and Robert Welch revolving obediently in the Right Wing orbits which

LEADERSHIP CONFERENCE ON CIVIL RIGHTS ...

By STANDISH HALL

(Author is a Negro businesswoman who speaks for a large segment of the Negro population. We hope both blacks and whites will profit from her timely warnings).

The headquarters of the Leadership Conference on Civil Rights is at 2027 Massachusetts Avenue NW, Washington, D.C. It is a lobby pushing its interests in Congress, as others do. But this lobby differs from others. It does not push its interests in a straightforward way. It claims to act in the interests of poor blacks; but actually it uses the blacks as a veil with which to hide their activity in the interests of the Jews. At this address there are several other operations apparently in the interest of the "poor". But the building was purchased to house the first Jewish lobby openly accredited to Congress. It was bought about the time President Kennedy was elected by Kivie Kaplan with the endorsement of the Union of Hebrew Congregations. Kaplan is a wealthy Boston industrialist who acts as a protector of Israel abroad and Zionism at home. But at the same time he is President of the NAACP.

At the time the building was bought as a headquarters for the Jewish lobby, about 1960, many Jews throughout the U.S. opposed the move, not because they objected to the idea of a Jewish lobby which had been maintained underground for a long time; but because an open lobby might attract attention to the power of the Jews in our affairs. With memories of German Nazism fresh in their minds, there were Jews who insisted that to operate a Jewish lobby openly would be dangerous. However the possibility of veiling the Jewish lobby behind an apparent Negro lobby encouraged them to continue; and Kivie Kaplan, President of the NAACP bought the building on the basis that it would be a headquarters not only for the Union of Hebrew Congregations, but also for the Leadership Council on Civil Rights, the National Association of Intergroup Relations etc. Thus it became a home for a Civil Rights Coalition, the Negro College Fund, the Crusade against Poverty, drives for food for the hungry such as the Poor Peoples' Campaign and Resurrection City, the war on poverty, labor agitation for the poor etc. By brandishing the club of Civil Rights, Congress has been intimidated and influenced by Jewish leaders and money power. This machine was provided by Negro leaders devoted to the Jewish interests; and when it was ready it was used to destroy our school system in the name of Civil Rights, to upset the voting system in the South, to promote "Community Relations Service," a means of arousing the envy of the blacks

have been assigned to them by the Jews, while others obediently revolve in the Left Wing orbit. The Jewish intellectual planetary system seems to be functioning well. Then suddenly something goes wrong.

The THIRD MAN has made the scene.

When the Jews contemptuously tell THE THIRD MAN to get into orbit on the Right or the Left, he spits into the Jew's face. He flings down the gauntlet. He says, "Come, Little Jew! You and I are going to FIGHT." When THE THIRD MAN says "Fight" he means "FIGHT" and he does not mean something else. He means fight with BLOOD AND IRON. He means to wage total and ruthless warfare against the Right-Left system which is the backbone of Jewish power. In the future YOU are not going to be on either the Right or the Left; trying to occupy either of these political positions will be like trying to live in a house which has burned to ashes, it just isn't there anymore and you can't live in it, no matter how much you may have admired it in former times. Just so, there will be no Right and Left wings in politics. There will be only the cold intellectual ashes where these positions used to be.

THE THIRD MAN who is neither Right nor Left is the political creature of the future. He will not wear Swastika armbands, because he is not a copycat; he is quite capable of inventing his own insignia; but he is a Nazi at heart nevertheless. The Nazi is Twentieth Century political man fully developed. The Jew is an obsolete Nineteenth Century creature who simply needs to be removed from the world scene. Nobody knows this better than the Jews themselves. Suicidalism is the collective outlook of the American Jewish community today. THE THIRD MAN will be glad to help the Jews commit suicide. He thinks that the world would be a better and cleaner place without them. Since they have become insanely self-destructive, why not let them go ahead and hang themselves? As they are now firmly in control of the destinies of our Republic, it may be that they will also carry the United States to destruction with them. They quite certainly will if they remain in power. Under Jewish rule, this Republic will not possibly last more than another twenty-five years, and perhaps not that long.

Do you want to survive? Then stop chasing futile pseudo-leaders like Welch, Buckley and Hargis. If you are going to survive, you must reach ESCAPE VELOCITY and get out of the Jewish Right-Left orbit completely. The Right Wing will never save you. The Right Wing leaders will never do anything except bray like jackasses, whirl like dervishes, and scream like banshees, and in the end sell themselves like street corner whores to the Jews, as most of them have already done. They say that they are "Fighting Communism" or that they are "Upholding God and Country." When we subject them to a critical analysis, we see that they are doing absolutely nothing to implement any kind of effective political program whatsoever. They merely SAY that they are doing something, when in fact they are doing nothing. The Right Wing is firmly in the grip of a DEATH WISH. Time and again, I have seen idealistic young Americans get into these phoney Right Wing movements, hoping to accomplish something solid and real. They learn quickly that the Lord High Nabobs of the Right quickly extinguish any spark of real intelligence or effectiveness which flares in their ranks. They see that the Right, far from actually fighting Communism, secretly collaborates with Communism.

Typical is the way in which the Right Wing gasbags dealt with Francis Parker Yockey. Yockey never had an American supporter during his lifetime. The great Conservative gasbags of the American Right Wing want nothing to do with any living writer. They weren't there when Yockey was murdered in a jail cell. Can you imagine Norman Mailer dying in jail? There would be a thousand Jews rattling the bars to

bail him out. The young Gentile writer dies alone in a cell.

We think that it is a wonderful thing indeed for Yockey's books to be circulated and read. He had something extremely important to say and the American people ought to hear it. What we really need is an American publishing industry which will give adequate recognition to the young Yockeys who are alive today!

Thus the New York Times Book Review Section can boast, "The novelists who have been Updike's major competition have effectively made interior Jews of a generation of Goy leaders." The Conservative publishers sat on their hands while stupid and corrupt Jewish hack writers Judaized the nation. When they published any books at all, they published trash about how nice it would be to return to the good old Nineteenth Century. Conservative publishing of the last twenty-five years is merely the tombstone of the old American culture; it contributes nothing to any aspect of life. We have looked to the American Right for bold, decisive leadership and have heard nothing but the braying of jackasses. The Right Wing sat on its hands while the Jews took over our literature, our culture, our economy, our government. Then they demand that we approach them worshipfully and praise the great battle which they claim to be fighting. They are fighting no battle. They could not fight their way out of a paper bag. We are told that they are "Fine Christian Gentlemen." Immediately we wonder how these "Fine Christian Gentlemen" will look as they go sailing through the stratosphere atop the great mushroom clouds of World War III, along with their Jewish friends. We hope indeed that St. Peter will open the gates of heaven for them, because they are clearly finished on earth.

THE THIRD MAN is the legitimate heir, the man of tomorrow. He has no use for the old Right-Left Age. He belongs to the age which is coming, not to the age which is passing away. He will refuse to be shoved into the Right-Left orbit. He has his own position, and, like smokers of Tareyton cigarettes, would rather fight than switch. If these quaint old Nineteenth Century relics of the Jewish Right and Left are looking for a fight, THE THIRD MAN is the man who will fight them, and lick them too. You aren't going to be on either the Right or the Left in the future, because the THIRD MAN will demolish these two positions in order to make room for his own new creation; this is the only thing the THIRD MAN cares about. The Right and the Left are obsolete relics of a dead age; the only problem is to demolish them and remove them from the historical scene. There can be no question of investing any sane hopes in them.

The issue is clearly defined in the last paragraph of Oswald Spengler's THE HOUR OF DECISION: "Here possibly in our own century, the ultimate decisions are waiting for their man. In presence of these the little aims and notions of our current politics sink to nothing. He whose sword compels victory, here will be lord of the world. The dice are there ready for this stupendous game. Who dares throw them?"

Yes, indeed, who dares to pick up the dice and throw them? Certainly not the Right Wing, and not the Left Wing, either. THE THIRD MAN is the man who will ACT, the man who will pick up the dice and throw them. Naturally he seems an utterly obscene creature to the sorry pack of dotards of the Right and the Left. He is going to ACT, he really is going to DO something! How utterly vulgar! Everyone who is a proper Rightist or Leftist knows that the first rule of the Right-Left game is never actually to DO anything, but always to stick to good, safe gasbaggery. THE THIRD MAN will destroy and displace this shiftless and futile rabble completely. The sooner the better.

No man escapes when freedom fails,
The best men rot in filthy jails,
And those who cried "Appease! Appease!"
Are hanged by those they tried to please.
— Author Unknown.

What kind of power-will can anti-Communists boast when their combined world-wide efforts for thirty years could not bring about release of one patriot, RUDOLPH HESS, true apostle of peace? A similar fate was met by Archbishop Stepinac and Cardinal Mindszenty while Catholics all over the world "turned the other cheek."

LEADERSHIP CONFERENCE

(Continued from Page 1, Column 3)

and the fear of the whites. Through the Justice Department under the direction of Roger Wilkins, nephew of Roy Wilkins, the whites were made to behave themselves as the Jews wrecked the social organization of the South; and at the same time in the Northern cities watch was kept over inner city blacks who refused to cooperate with these Jewish fronts or opposed Zionism and other Jewish interests.

These Zionist lobbies never did more than generalize about the plight of the poor blacks. Their main interest was not to build up the blacks who might become dangerous to Jew interests; but to wreck white society, which always posed the threat of becoming anti-semitic in certain circumstances. Although they lobbied hard for governmental agencies purporting to advance the cause of civil rights, such as the Civil Rights Commission, these agencies were always under their control. Thus the Staff Director of the Civil Rights Commission was a Jew, William Taylor, a member of B'nai B'rith. He supervised the professional and clerical staff, and had more influence than the Commission members. When Taylor retired, his place was taken by another Zionist, Glickstein.

While nine major Jewish organizations carry the burden of lobbying for Civil Rights, they are shielded by six important Negro Organizations, all fully controlled by the Jews and officered by black Zionists. They are, (1) The National Association for the Advancement of Colored Peoples, (2) the National Urban League, (3) the Southern Christian Leadership Conference, (4) the National Council of Negro Women, (5) the A. Philip Randolph Institute and (6) the Congress of Racial Equality. The Student Non-Violent Co-ordinating Committee was a member of the Jewish Lobby; but it broke free of the Jews over the persecution of Adam C. Powell, widely thought to be the result of Jewish intrigue. SNCC expressed its new freedom by attacking Israeli expansion into Africa in 1967. The other organizations and their leaders however enjoy the national endorsement of B'nai B'rith. These leaders are Roy Wilkins, Whitney (called "Whitey"), Young, M. L. King, Ralph Abernathy, Dorothy Height, James Farmer, A. Philip Randolph, and Bayard Rustin. They harass anti-Zionist whites, especially on Capitol Hill, who refuse to bend the knee to Israel demands. These people enjoy the attention of the mass media far out of proportion of their real importance and influence in the Negro Community; and for service to Zionism, they have been openly given awards and free trips to Israel.

Today the Leadership Conference on Civil Rights consists of 126 major organizations throughout the nation, all representing themselves as interested in desegregation and integration and in the war on poverty to make people "equal." But through these organizations the B'nai B'rith and the Jewish lobby penetrate effectively into the Churches, the Jewish dominated labor unions, Negro fraternities, medical associa-

tions, the National Education Association, the Negroes' Lawyers Guild, the Negro Elks, the League of Women Voters, and newspapers. The blind popular passion for civil rights has been captured and perverted in the interests of the Jews.

This coalition of "liberal-illiberal forces" masquerading as a civil rights movement, has succeeded in decapitating the very powerful and well known Negro feeling of anti-semitism; and has driven the anti-semitic Negro leaders underground. No one dares run for public office except Governor Maddox, against the will of the Jewish controlled civil rights movement. Under Jewish leadership millions have been poured into the civil rights movement. But significantly, although Jews have been able to buy some leaders, the black masses have been very little moved. However the Jews have been effective in their political game of keeping the blacks and the whites too suspicious and too hostile to each other for either to make trouble for the Jews. It was not until Stokely Carmichael raised his fist against James Meredith on the dusty highway in Mississippi in 1966 and declared that the Negroes were being fooled, and being overcome by the "technological-industrial complex" that the Negroes for the first time broke free of the Jewish leadership. This was the first defeat that Jewish policy has ever had in the U.S.; but their last one has not yet come. From that day on there has continued a progressive pulling away of Negroes from Jewish-contrived civil rights coalitions.

It is now practically an open secret that the Leadership Conference on Civil Rights is acting in the name of the blacks but without their support. It may be wondered how long the Jews can hold the organization together enough to intimidate anyone.

The peak of the Leadership Conference's success may have been reached in the summer of 1963 with the historic March on Washington which brought together all political forces of all stripes to the left of Lester Maddox and George Wallace (Church, professional, Negro, White, etc.) in a display billed as intended to guarantee Civil Rights to Negroes. The Negro Big Six (NAACP, Urban League, Southern Christian Leadership Conference, National Council of Negro Women, Congress of Racial Equality and SNCC with the tacit support of the A. Philip Randolph Institute) became the beneficiary in the proceeds of some million and a half raised under the quiet auspices of the Leadership Conference, which was distributed by the Taconic Foundation led by the late Stephen Currier of Jewish family connections. However the coalition which came so close to handing the U.S. over to the Jews in the name of Negroes, began to have difficulty when the spokesman for SNCC (i.e. the Carmichael group), asked to address the March on Washington, but found his speech cut to accommodate the purposes of the Zionists. This dissatisfied those Negroes more interested in Negritude than in Zionism, who, consequently, went on to establish a Black Power movement outside the Leadership Conference. Thus passed into history one of the most dangerous attempts to pervert the Negro movement yet seen.

Jewish Cold War In the United States

By STANDISH HALL

Two events have recently occurred which cannot fail to have considerable influence on the affairs of the U.S. Both of them are liable to harm the power exerted in our country by the Jews of Tel-Aviv. One is a court case coming to trial in Washington, D.C. According to Lawrence Mosher, who reports on it in the "National Observer", it promises to cast light on the pervasive but obscure activities in the U.S. of the worldwide Zionist movement. The second is the attack made by the Jewish Defense League against Arab diplomats stationed in New York, in which several Arabs were injured.

These two events are evidence that the Jews in Israel, acting here through B'nai B'rith, are well organized and possess both an intelligence service and shock troops. In his article in the "Observer" of May 18, 1970, "Zionist Role in the U.S. Raises New Concern," Mosher says, "With the festering Middle East war in the background, the Zionist activity is creating special concern in the Jewish community and in U.S. Government circles." What Mosher means is the well organized programme of B'nai B'rith to collect funds, disseminate propaganda, and carry on political activity in Israel's interests.

According to Mosher, "Solid information about the inner workings of the Zionist movement is hard to come by." On that account a suit brought by Saul E. Joffes against B'nai B'rith, of which he was formerly a high official, may cast some very interesting light on a powerful and not always beneficial force in our country. Joffes has been for twenty-two years in the service of B'nai B'rith as secretary general of its International Council. He was fired for protesting against the conflict of interests and activities between the Israeli Foreign Office, acting among the Diaspora Jews, and the activity of the B'nai B'rith among the same Jews. Mr. Joffes complains of the Zionist take-over of B'nai B'rith's international operations. He says that, "Over at the Israeli Embassy they are not pleased with your development of B'nai B'rith because it will probably interfere with what they are trying to do."

Since Mr. Joffes was ousted for his protest against the organization's collaboration with Israel, he is suing the B'nai B'rith with the hope that Zionist and Israeli interests and their control over Jewish citizens in the U.S. may be explored and legally defined by the Court of the District of Columbia, and later, if necessary, by the Supreme Court. This is all the more important because the Jews have been enjoying dual citizenship here and in Israel ever since the Bey Afroyim case in 1967. While this attempt to set legal limits to Zionist activity in the U.S. is being carried on, the people of the country are being afforded a rare but all the more interesting view of the clandestine operations of Zionists in American politics, Church affairs and in the economy. The power and influence which the Zionists wield is expected to be shown to be very great.

Moreover the case will throw light on the Jewish methods of fund raising which milks our economy in general, and distributes the burden over all the population whether Jewish or not. It will, one can hope, show how the U.S. is made to pay for Israeli government expenses, and for Israeli expansion into

non-Arab Africa. It will surely expose Zionist and Israeli lobbying on Capitol Hill, and their means of intimidating legislators who refuse to cooperate. It will expose the Jewish violations of the Treaty of Commerce and Navigation between the U.S. and Israel. Perhaps it will do something to resolve the dilemma of dual citizenship of Jews who are often commanded by the Zionists in the interest of their Israeli citizenship to injure their interests as American citizens.

Mosher says that, "the world Zionist movement is big business," and quotes a Zionist money raiser who says, "when the blood flows the money flows." In two years following the 1967 war the Zionists raised \$730,000,000. Since 1948 four billion dollars have been sent from the U.S. to Israel, not counting official contributions of our government; and the Zionists have set a quota of half a billion for this year. These funds are tax deductible, although that is a clear violation of the law governing such funds. Also the case threatens to bring out into the open the conflict between Israeli and American foreign policy.

The policy of making enemies with all the Moslems from the Philippines and Central Asia to Dakar and Timbuctoo in order to please the Jews who can barely maintain themselves in Palestine is hard to understand. Furthermore, it is not only the Arabs who are offended by this policy. Black Africa also, discovering that U.S. officials act in Israeli interests, have turned against us. They hold us responsible for the demoralizing and degrading activities of the Peace Corps whose policies they think originate in Tel Aviv, and whose personnel is 40% Jewish.

Furthermore they resent the meddling of our intelligence agents in the Biafran War.

Although there is quite an opposition to Zionism among American Jews, few believe that it can prevail. The force and position of the Zionists in America are too much. For example the Zionists boast that theirs is the best intelligence service in the world. They have written books and distributed articles on it (which they call Shin Bet) and they boast about its punitive actions behind the lines in other peoples' countries. They do not boggle, for instance, at kidnapping, as appears from the Eichmann case, and as recounted in "True" magazine in the summer of 1968.

The Joffes case will undoubtedly damage and weaken the Jews in America, and contribute materially to freeing us from their grip. When the time comes for them to pack their bags and depart, as they have from every other nation where they have settled, it will be partly due to Joffes.

He sings in direct violation to wise old Abe Lincoln's advise "One war at a time!"

Is it wise to listen to this bird?

In view of following facts, you know and many of your predecessors, especially since 1913 A.D., have been forced by certain well known interests to tolerate and operate under a sadly prostituted Monroe Doctrine and National Constitution. The year mentioned was when the unconstitutional "Federal Reserve Act," an abdication of authority by Congress, was "shoved down U.S. throats." Since then we have had, to mention several: Gun legislation (fanatic treason prompted); Anarchy; Atheism; "Gagged" press and TV; Unconstitutional "tax upon tax," etc.

Also, who urged you (probably against your better judgment) to offer "big brother" aid to the illegitimate state of Israel? The Changing American Negro

By FRED FARREL

Worldwide propaganda still depicts the American Negro as a badly oppressed underdog. In fact, the American Negro is no longer an underdog. He is now among the topdogs. The Negro has been taken in as a junior partner of the Jewish ruling establishment. The real underdogs in America today, are the white majority, especially the Anglo-Saxons. The white majority is absolutely disenfranchised, totally stripped of all access to political power, and completely at the mercy of the racial minorities. This has been accomplished through Jewish control of the two major political parties. Since the party machinery is wholly under Jewish control, the people are left without any real political representation. The parties are simply tools of the Jewish master class.

The white majority are only just beginning to feel the sting of the Jew-Negro lash. The sting can be counted upon to become more bitter as time goes on. They will not like the Power-Elite which is taking firm control of them. Nevertheless, they will submit. They have no leadership of any kind whatsoever. Anglo-Saxon humbugs are bad enough in Great Britain. In America, they verge upon imbecility. The people who ought to lead the white majority never do anything except bray like jackasses. They bray that they are "Fighting Communism" or that they are "Saving the Free World." In fact, they are so busy licking Jewish boots that they seldom have time for anything else.

The American Negro is not quite the black beast white racists have made him out to be. In general, he is simply ordinary. Not all of them madly love Jews. Negro anti-Semitism is an endemic problem for the Jewish masters of America. The Jews were not at all pleased when one of them said on the wireless in New York that "Hitler didn't make lampshades out of enough Jewish hides." Nevertheless, the majority of Negroes go along with the Jews. They rise quickly to affluence. From being oppressed, they become the oppressors and get a chance to take revenge on the hated whites. The Negroes are becoming solidly entrenched as members of the topdog class in America. The American society is turning into a racist society, with Jews at the top, Negroes next step down, and the white majority as the serfs.

Young whites of the better sort are furiously angry, but they find no outlets for their energies. All of the organizations which they may join turn out to be fraudulent and under the control of the Establishment. The "Patriotic" and "Anti-Communist" organizations limit themselves carefully to unrealities. The Jews are well pleased with the activities of these organizations.

The Negro is often the target for hatred which really ought to be aimed at the Jew. The white man hates and fears the Negro who is given power over him. There are grounds for such fears; but the Negro is really only a very junior partner in the new Power Elite. The energy wasted in anti-Negro activity would be better aimed against the Jews. The whites are steadily losing the battle to prevent themselves from being placed under Negro control, because they do not see the hidden hand of the Jew but only see the blackness of the Negro. The fact is that the American Negro in general is nowhere near as bad as the whites think that he is. It would be entirely desirable, under present circumstances, for whites and Negroes to unite against the Jews. Still, such an alliance is hard to forge. Suspicion and dislike run high on both sides of the color line. The Jew eagerly capitalizes on this and slyly encourages it. The Negro, smarting under past abuse by whites, is given chances at revenge. In a thousand ways, the Jews promote hostility between the races, while mouthing pious platitudes about "Interracial Harmony." In his manipulation of Negro-white hatreds in America, the Jew has dem-

Is there any hope of escape?

Our jejune Goy Bourgeois worry constantly that "Communists" will get them. When I contemplate the corruption and pusillanimity of their surrender of our once-great country to the Jews, I wish to high-heaven that the Communists WOULD get them. The fact is that our bourgeois conservatives are good, sturdy, stupid Nineteenth Century people, totally incompetent to cope with the wiles of the Twentieth Century Jew.

We younger Goyim are convinced that the old bourgeois conservatism will never be adequate to cope with the Jews. We shall have to move on to a more desperate approach to the problem. We do not consider the Bourgeois economy to be sacrosanct, as the older conservatives do, even when it is under Jewish control. If the Jew tries to use the economy to hold us in bondage, we are quite sufficiently desperate to show the conceited Jew what sort of shambles we might make of his "Economy." We might make the most utterly desperate alliances, including some which the older conservatives would consider unthinkable. Bluntly, we would rather live in a desert than a slave pen, and if it comes to a choice, we will damned well make ourselves a Jewless desert to live in. If the Jew thinks that we will not know how to do this, he simply has not taken a proper gauge of our desperation. Our Ultimatum to the Jew is this: "Either stop trying to enslave us, or we will destroy you, no matter what we have to destroy along with you." The Jew cannot blackmail us into obedience merely by maintaining a tight grip on the Bourgeois economy. We will readily send him and the Bourgeois economy up in smoke together. The older generation in America would have considered such a radical approach unthinkable. The Bourgeois economy was sacrosanct, even if Jews got control of it and used it to enslave us. Bluntly, the Jew is firmly in control of the American system, but we have just about reached the state of desperation when we will send him and the "System" to hell in the same cart. This sort of thinking was undreamed of by the older American conservatives. We younger ones are not even going to argue about the desirability of it; we are just studying the best ways to do it. Getting rid of the American Jew is one of the central problems of contemporary history. It is a problem which keenly fascinates us today.

Mark Twain once said: "When you can't answer a man's accusations you can always call him names."
